## Your Port on the Virtual Sea

Half a millennium ago, Columbus sailed the ocean blue. His encounter with the New World would launch a new civilization, bringing fundamental social and cultural change. We are embarking again on a journey to a new world, a virtual world. Our journey will also bring fundamental social and cultural change.

At Virtual Coast, we develop products that exploit the challenges and opportunities of our changing world. We pierce the veil of traditional solutions, and we promote strategies that touch the core of the new environment. We believe that adept navigation of the new landscape requires the richness and flexibility of an interdisciplinary perspective. We combine strategy, culture, process, and technology in an integrated approach that considers the multidimensional nature of the new frontier.
